

# WOMEN BUILD

## Join our 2025 Women Build!

Since 2009, our annual Women Build event has empowered women to make a tangible impact in their community by funding and building affordable Habitat homes. This inclusive program unites anyone who identifies as a woman, along with their allies, to help break down gendered barriers to homeownership and support Habitat's mission.

Taking place during International Women's Month, this year's event is a special opportunity to celebrate and uplift women while raising \$150,000 to fund affordable home construction. Together, we can bring awareness to the critical need for affordable housing in our community. Join us in making a difference and building a brighter future for families in need!

### Sponsorship: \$2,500–\$10,000

Women Build is a powerful opportunity for companies to strengthen team bonds, showcase their commitment to community impact and make a real difference. By joining us, your company can expand its community presence, demonstrate corporate social responsibility and actively support affordable housing in our area.

Sponsorships range from \$2,500 to \$10,000 (see benefits on back). For more information contact **Sophie Ketron, Donor Relations Specialist**.
